This email is being sent regarding the membership/attendance of the GEM Citizen Users Group:

Ms. Carla Mitchell, Commissioner Grippa's appointment, has not attended meetings in the last 18 months and cannot be reached at either the home or office phone numbers provided.

Mr. David Metcalf, Commissioner Maloy's appointment, has not attended meetings in the last 18 months and cannot be reached at either the home or office phone numbers provided. Also, Mr. Metcalf's mail is returned as undeliverable.

Mr. Keith Simmons, Commissioner Proctor's appointment, has not attended meetings in the last 18 months. And though contact information seems to be correct, he does not return calls or acknowledge letters regarding attending meetings.

The GEM Citizen Users Group makes recommendations on growth and environmental issues considered to be of priority interest with the sole intention of assisting the Board and its staff to better serve the growth and environmental interests of the community.

It becomes difficult for the GEM Citizen Users Group to review and make timely recommendations on new Ordinances or amendments as they relate to the Comp. Plan without full participation.

The GEM staff recommends that the above-named members be replaced.

Christine, shouldn't we add Kathy Archibald to this list as well? She has asked to be removed from the roster, so she will need a replacement as well.

Well, you'll have to insert Commissioner Maloy, DePuy's appointments are all now Maloy's.

Just insert in email to be resent, like I did with Carla Mitchell.

Metcalf was appointed by Ed DePuy and Simmons was appointed by Proctor.

Insert who Commissioner that appointed Metcalf and Simmons - I omitted.
